# SHORTIE MUFFLERS

## \$29.95 EACH

street  
**MAX**

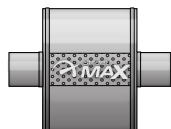

The **Street Max Shortie** provides the best of both worlds! Improved sound control in a compact case design. Measuring only 7.0" in body length, the Street Max Shortie enables you to position it in the optimal location of any undercarriage. The unique compact body structure lends itself to be used inline as a resonator prior to any existing muffler for maximum sound control. You can also run it as a standalone unit if you're seeking an aggressive tone. The internal straight-through design provides maximum performance gains while absorbing the high-pitched sound frequencies, delivering a deep tone with a moderate interior sound.

Expires 4/30/2026.

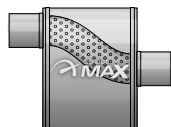

**Features:**

- Compact 7.0" Body
- 3 Year Limited Warranty
- Perfect for Street & Strip Applications
- Hybrid Muffler/Resonator Design
- Available in Multiple Diameters & Configurations
- Straight-Through Design
